DETAILED ACTION

1. The reissue oath/declaration filed with this application is defective because the identified error which is relied upon to support the reissue application is not consistent/commensurate with the claim amendments. See 37 CFR 1.175(a)(1) and MPEP § 1414.

2. Claims 1-5 are rejected under 35 U.S.C. 251 as applicant has failed to pay the required maintenance fees on the parent patent. A reissue application can only be granted for the unexpired portion of the term of the original patent. See In re Morgan, 990 F.2d 1230, 26 USPQ2d 1392 (Fed. Cir. 1983).

3. Claim 4 is rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 4, the recited "fourth" pin is somewhat confusing as no "third" pin per se is previously recited (i.e. only first and second pins are previously claimed).

4. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure.
